

Catastrophic Inmate Medical Insurance

The Problem –

Skyrocketing health care costs combined with governmental responsibility to pay for inmate medical care has created serious problems in the budgetary process. This ever-increasing healthcare burden has left our correctional systems exposed to potentially unlimited expenses and has created the need for innovative cost control mechanisms.

The Solution –

The Florida Sheriffs Insurance Agency, LLC is proud to offer Sheriff's Offices access to a unique program designed to protect local governments from excessive expenses resulting from catastrophic medical claims. A Catastrophic Inmate Medical Insurance (CIMI) plan can be tailored for your jail allowing for more accurate budgeting by insuring the catastrophic inmate medical expenses.
