

2026-2027 Safe Driver Challenge Rules and Eligibility Criteria

1. The employing Sheriff's Office must maintain continuous membership in FSRMF's Sheriffs Automobile Risk Program (SHARP) throughout the Safe Driver Challenge Period, defined as October 1, 2026, through September 30, 2027.
2. Before any employee may be eligible to participate, each SHARP Member Sheriff must enroll their agency in the Safe Driver Challenge and comply with the reporting requirements and other obligations of participating enrolled Sheriffs.
3. Eligible Employees: To be eligible, certified deputies and certified corrections officers must spend at least 51% of their on-duty time during the challenge period operating an assigned vehicle and satisfy the following additional eligibility requirements:
 - Employee must have had a continuously valid state-issued driver's license during the challenge period;
 - Employee must have been continuously employed by the same agency throughout the challenge period;
 - Employee must have been assigned to a position requiring 51% or more of on-duty time in their assigned vehicle for at least 11 months of the 12-month challenge period;
 - Employee must not have been the subject of any sustained agency disciplinary action for incidents occurring during the challenge period; and
 - Employee must have no (0) At-Fault Preventable Crashes/Events during the challenge period.
4. At-Fault Preventable Crashes/Events are defined to mean a vehicle crash in which an enrolled Sheriff's employee negligently or wrongfully, through action or

inaction, caused or contributed to the crash, even if the employee's fault was less than another person's fault. Intentional collisions, such as precision intervention techniques or tactical parks, and vehicle pursuits, if done correctly and within agency policy, shall not count as an At-Fault Preventable Crash/Event. The FSRMF has the final and exclusive right to determine whether a crash is or is not an At-Fault Preventable Crash/Event.

5. **For an agency's employees to be eligible, enrolled Sheriffs must, by November 2, 2026, submit to the FSRMF the full names of employees that they believe meet the criteria for Eligible Employees.** All enrolled Sheriffs must timely report **ALL VEHICULAR CRASHES** to the FSRMF throughout the challenge period, including those involving (1) vehicles not subject to SHARP Physical Damage Coverage and (2) damage to vehicles that is less than the SHARP Physical Damage Coverage deductible amount.
6. The FSRMF has the final and exclusive right to determine whether a person is an eligible employee of an enrolled Sheriff.
7. Before December 3, 2027, the FSRMF will conduct a preliminary eligibility review of all employees submitted by each enrolled Sheriff, primarily to verify no At-Fault Preventable Crashes/Events occurred during the challenge period.
8. On December 3, 2027, FSRMF will conduct a blind, random preliminary drawing at its office, during which three (3) names will be drawn from the pool of all eligible employees. Pending final review, these three individuals will be the Safe Driver Challenge Finalists.
9. Before December 10, 2027, the FSRMF will conduct a final eligibility review of the three (3) finalists. If any of the finalists are determined to be ineligible, a second preliminary drawing will occur on December 12, 2027, to replace the ineligible finalist(s).
10. Once the three finalists have been confirmed, FSRMF will conduct a blind, random drawing among SHARP members from participating agencies that do not have a finalist among the top three winners. One SHARP member from each eligible agency will be selected to receive a \$1,000 cash prize.
11. FSRMF will immediately begin the final verification process for the selected \$1,000 cash prize winners. Following verification with each winner's SHARP member agency, the winners will be notified and publicly announced at FSRMF.org/safedriver.
12. The final drawing for the three finalist prizes will be held at the 2028 FSA Winter Conference (location to be determined). A blind, random drawing will be

conducted among the three finalists. The first name drawn will be awarded Third Place, the second name drawn will be awarded Second Place, and the final name drawn will be awarded First Place. The date, time, and location of the drawing will be posted on FSRMF's website, <https://fsrmf.org>, no later than January 7, 2028.

13. Each of the three finalists will be eligible to receive one night's lodging and per diem allowance from FSRMF for attendance at the final drawing, to be held in conjunction with the 2028 FSA Winter Conference. Lodging will be provided at or near the conference venue. The date and time of the final drawing will be determined in coordination with FSA.
14. The FSRMF has the final and exclusive right to decide all issues pertaining to the application and interpretation of the Safe Driver Challenge Rules and the manner of the drawings. Participation in the Safe Driver Challenge does not give rise to any rights or causes of action. This Safe Driver Challenge is meant to be a fun way to encourage our covered members to drive safer and give those who do a chance to win some amazing prizes. It is not intended to create litigation. Good luck and please drive safely!

Disclosures:

No purchase or contribution is necessary.

The Florida Sheriffs Risk Management Fund (FSRMF) is located at 2750 Chancellorsville Drive, Tallahassee, Florida. The Final Drawing will be held at the 2028 FSA Winter Conference, date and location to be announced. In the event the FSA 2028 Winter Conference is cancelled, the final drawing will be held at the FSRMF's office at a date and time published on its website. The sources of the funds for the prizes are from FSRMF operating funds.
